

Huskisson & Woollamia Community Voice

Minutes General Meeting,

7.00 pm Monday 11 August 2008

Apologies: Andrea Bannatyne, Marco Verdugo, Merrilyn and Hal Jeske, Garry Kelson, Graeme Gibson, Randall Sinnamon, Nina Douglas, Alan Burrows

Business arising

Mynas: Meg provided the meeting with a progress report on the project, and brought along a trap to demonstrate to the meeting. Community Development Grant. Traps are being made at Sanctuary Point Men's Shed. Cost \$30 to buy. There are some that can be loaned to people. Cat food as bait. The RSPCA says only CO2 gas can be used, not CO. Refer to Meg about euthanizing the birds.

DCP54 Amdt4, and Murdoch St DA: letters were sent to council, see Current Projects page on website (DCP54 page).

Treasurers report – Current balance \$1,740-46. Application will be made to council for next years \$400 CCB stipend.

Correspondence – circulated

General business

Comberton Grange (Shaolin development): is now a Part 3A Major Project, thus subject to State level determination. It is known that there is a leaflet in existence covering the background issues and history of the area, produced by Judy Gjedsted and Dan McConnell. The leaflet encourages people to write about this issue, more details to come.

Huskisson Bypass: Leslie is in the process of obtaining more background information to pass on to Paul Frederick, who will assist with collation of information to put to a future meeting.

Annual General Meeting: will be held on 13th October. The meeting on 8th September will be given over to a Meet the Candidates session, since the council elections are on 13th September.

19 Fegen St, DA 08/2501: this side of the street next to the caravan park is apparently considered waterfront. Discussion over the fact of it being within the DCP99 area, however a re-draft of the Shoalhaven LEP is in existence.

Public Liability cover in respect of hall hire: question from the Community Centre management – understood that CCBs are covered under the umbrella of council's policy, but committee will check again.

Cleanliness of main street (Owen St): Raised from the floor that the pavement and stairs on the main street are looking grimy, and in need of gurneying (pressure cleaning). Resolved to take this up with council maintenance section. Also to communicate with the Chamber of Commerce in respect of this.

Close of Meeting at 8:30pm

Next Meeting: Mon 8th September 2008 - Meet the Candidates
