Dear Sir/Madam

Potential Installation of No Parking Signage – Maintenance Access Gate – White Sands Park, Bowen Street Huskisson

Shoalhaven City Council has received concerns regarding visitors parking in front of the maintenance access gate to White Sands Park on Bowen Street, Huskisson. These instances have resulted in comments to the lack of signage advising and reinforcing this 'no parking' zone.

Regarding these concerns, Shoalhaven Council's Traffic Unit is considering the installation of two 'No Parking' signs on either side of the maintenance access gate to reinforce this status to visitors and residents. This is indicated as per the attached plans.

The impact of this installation would result in clearer indication of this 'no parking' zone as well as stemming future instances of infringements to visitors / residents who were not aware of this status. Furthermore, there will be no net loss of a parking spaces along Bowen Street.

Council's policies and guidelines indicate that community consultation regarding proposals should be conducted, prior to making any changes. It would be appreciated if your comments could be received by the 31st of May 2019. Comments can be forwarded to council's General Manager via email (council@shoalhaven.nsw.gov.au).

If you need further information about this matter, please contact me, Assets & Works Group on (02) 4429 3625. Please quote Council's reference 2944E (D19/145103).

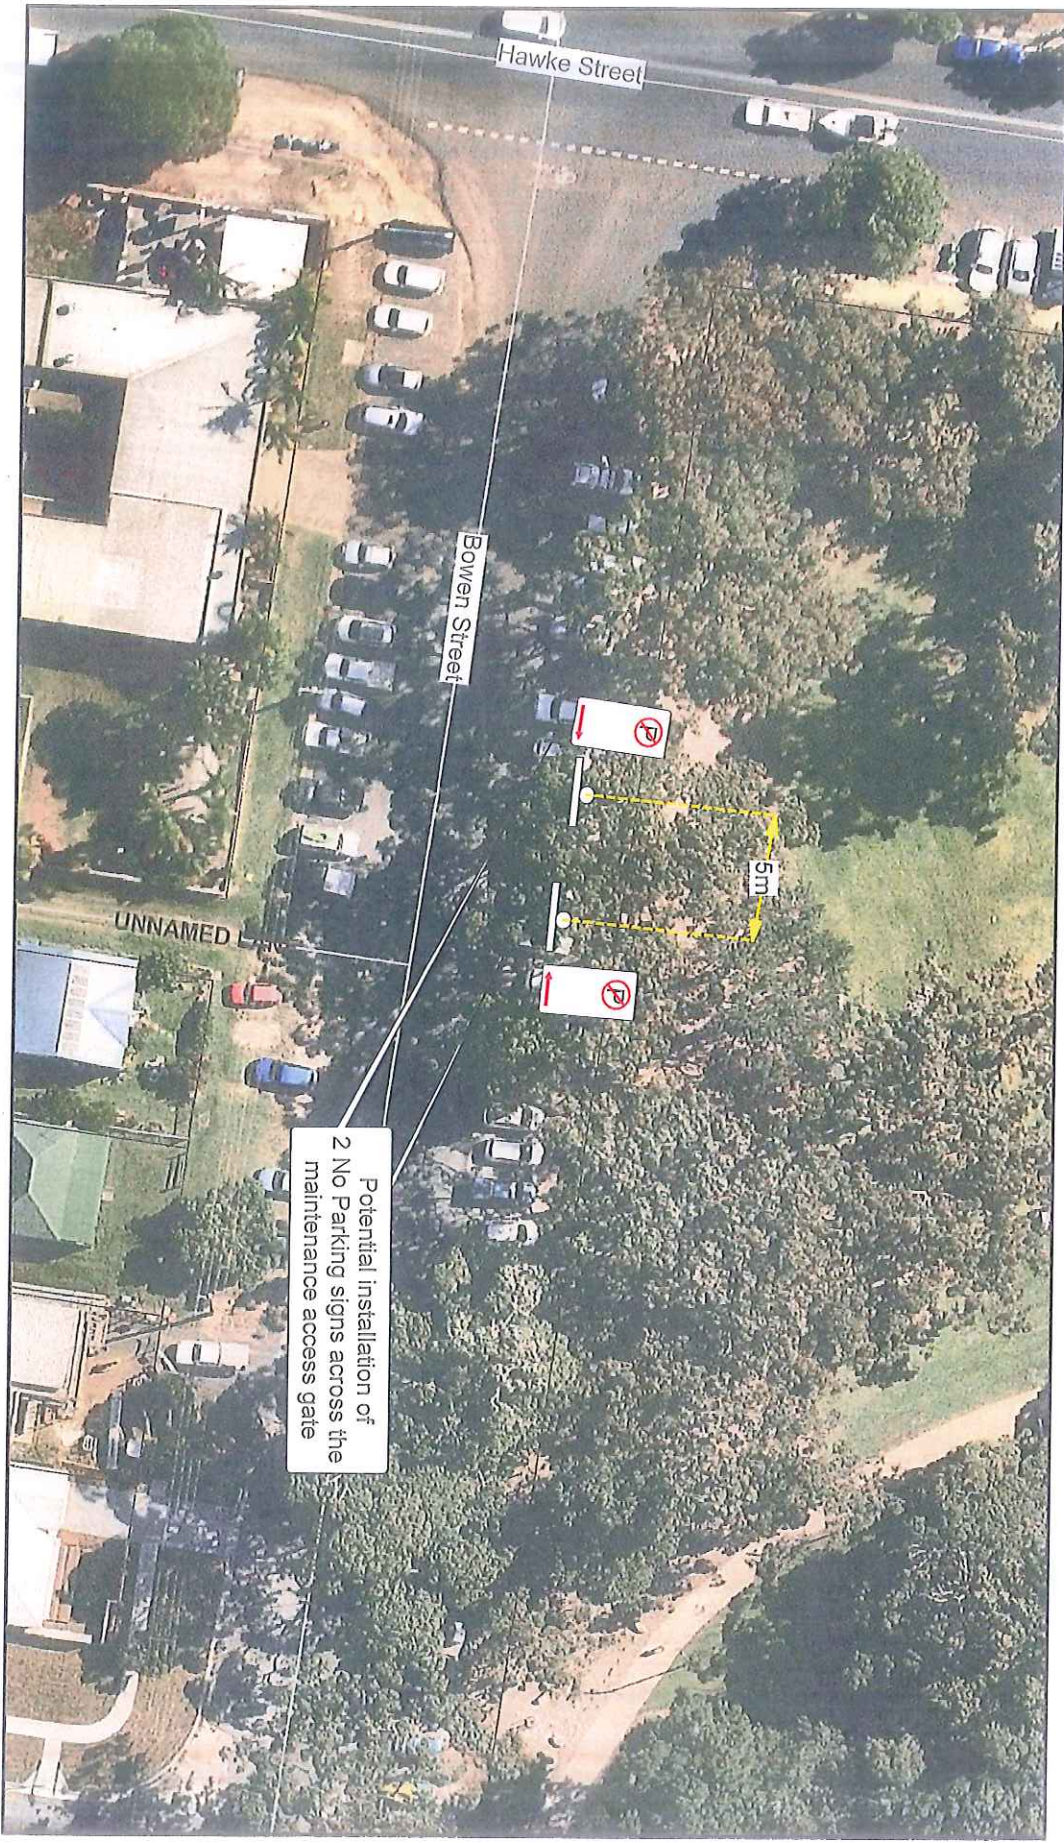

Yours faithfully

Ryleigh Bowman
Traffic Investigation Officer
